## ROAD AGENT'S REPORT

The bridge on Converse Road was repaired with oak logs from the town forest. The bridge was also replanked. Most of the lumber came from the town forest. The logs were cut and hauled to the mill where they were sawed into three inch plank. This is only a temporary job because the bridge needs to be rebuilt. The selectmen should look into State Aid for help on this project. Converse Road was also graveled.

Colburn Road from the 101 highway to the Wilton line was graveled. One culvert was put in on this road.

With the TRA fund Mansfield Road from Rockwood's Corner to Hill's Woods Road was rebuilt and paved. I would like to continue paving this road to connect with the Sharon Road. There will be a lot of excavating on this road.

The grader and snow plow are 21 years old. It is time to think about getting a later model. I hope we can get through the winter without any serious break-downs.

I would like to take this opportunity to thank the people in Temple for their support during the past year.

Respectfully submitted,  
HAROLD N. KULLGREN

## REPORT OF THE TEMPLE POLICE DEPARTMENT

I am pleased to report to you that this past year has been much less eventful than its predecessor. The rash of house breaks we experienced during 1966 declined sharply in 1967. We also had a decrease in motor vehicle accidents and fortunately none of those occurring caused any serious personal injury. We have maintained a continual program of patrolling the town on an unscheduled basis. I feel that this is the most effective deterrent we can use and still stay within our budget.

Although a thorough investigation was made in the case of the defacing of several grave stones in the old cemetery, it was not possible to develop sufficient evidence to make an arrest. Contrary to statements made at the time, we found that some nearby towns had had instances of similar defacing on road signs. The marking material used was artist's chalk and proved to be removable.

We are keenly interested in the young people of our town and are ever ready to help or guide them when we can. We have given them our services at all of their record hops and dances.

We are most appreciative of the thoughtfulness and generosity of Dr. John Bird Lloyd. Last year and again this year Dr. Lloyd sent me a check, in the amount of \$50.00, to be used as a special fund to benefit the department or its members. This money has been deposited in a savings account and I am hopeful that we may be able to add to it and eventually obtain additional equipment which could benefit all.

For the benefit of our new residents — and as a reminder to all — for the fastest service in any emergency — call 878-1611 — this connects you with our communications center at Fred Nelson's in Wilton.

Respectfully submitted,  
RUSSELL TYLER, JR., Chief

## MANSFIELD PUBLIC LIBRARY

Circulation of books for the year was as follows: adult non-fiction 508, juvenile non-fiction 429, adult fiction 533 and juvenile fiction 1,227, making a total of 2,697.

The library purchased 157 books during the year, and 94 gift volumes were added to the collection. These books were donated by the following people: Vivian McGray, Timothy Fiske, Ruth DeQuoy, Alice Donald, Velma Holt, Doris Drew, Mr. & Mrs. Stanford Calderwood, Seth Barraclough, Mr. & Mrs. Harry Stratton, Greenville Library, and the Greenville Woman's Club. Katherine Hoskins, Evelyn Eaton and William Banks gave copies of their published books. Thanks also go to Mrs. Ross Bowen, Mrs. Mary Walker and Mrs. Susie Cutter for providing the library with additional magazines.

National Library Week was observed by the trustees holding an Open House at the Library. At this time the winners of the school contests were announced and the cash prizes were awarded. In the poster contest Rhonda Benotti received 1st prize, Ann Edwards 2nd prize, and David Edwards 3rd prize. In the essay contest Curtis Holt received 1st prize, Sherry Fiske 2nd prize, and Patricia Allen 3rd prize. The money for these prizes and other expenses was raised at a summer food sale in charge of the trustees. A file was also purchased from this money, so that the library could file and make available pamphlets, pictures and etc.

The librarian held a class for the 6th, 7th, and 8th grades at the library so that they might learn how to use libraries.

Mansfield Library joined the Affiliated Libraries in 1965. Each year we receive \$100 for the purchase of reference books and receive a substantial discount through centralized book purchasing. There are other benefits planned for the future. In order to qualify to remain in this program our library should be open 8 hours each week. We have until 1972 to reach this goal. We hope to be able to bring this vote before you next year, and ask that you think seriously of library service — what you want for yourself and others in the community.

Library hours remain the same, from 2 — 4 Wednesday afternoon, and 7 — 9 on Saturday evening. Books may be returned at any time through the book drop.

Respectfully submitted,  
PRISCILLA A. WESTON  
Librarian

## REPORT OF FIRE ENGINEERS

In the year 1967 we had 2 car fires, 1 clothes dryer fire, 1 water pump fire, 1 fire at the Dump and an oily rag fire in a barn, ignited by spontaneous combustion, scorching the floor and an apple box setting on top of it.

During the year your Fire Department was neither called upon nor called for Mutual Aid assistance.

The Souhegan Valley Mutual Aid System is made up of the following towns and one city: - Amherst, Bedford, Brookline, Goffstown, Greenville (2), Hollis, Hudson, Litchfield, Lyndeboro, Mason, Merrimack, Milford, Mt. Vernon, Nashua, New Boston, New Ipswich, Temple and Wilton.

(2)\* Includes the Greenville Fire Brigade, a private company.

In the Spring of 1967 we purchased a 1958 International truck equipped with a 1200 gallon tank and a 500 gallon a minute Barton-American pump with one length of 4½ inch suction hose. To make this truck fully operational another 2 lengths of 4½ inch suction hose will have to be purchased.

As this truck is equipped with only a 4 speed transmission and a single speed rear axle, mud and snow tires are absolutely essential.

Minimum amount to maintain and operate

Fire Department for 1968 —	\$ 1,353.00
With purchase of 2 lengths of 4½ inch suction hose	\$ 1,600.00
With the purchase of 4 heavy duty mud and snow tires and 2 lengths of 4½ inch suction hose	\$ 1,850.00

**REPORT OF FOREST FIRE WARDEN  
AND DISTRICT CHIEF**

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. — 5:00 P.M. and then only with permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

## SUPERINTENDENT'S REPORT

To the School Board and citizens of Temple, I respectfully submit my final report as your Superintendent of Schools. The report of the Temple School Board will not be as all inclusive as it has been in the past, since the Contoocook Valley Regional School District will submit a cooperative report which will outline the plans to include activities of the Temple School for the coming year.

### STAFF AND INSTRUCTION

No change in staff was made this year at the Temple School except that a Music Teacher was hired after inability to find such a person for the past two years. Mr. Clark Greene of Ashby, Massachusetts, with a degree from the New England Conservatory of Music, is providing this service for our children. Mr. Albert Quinn agreed to assume responsibilities as School Custodian during the summer and has fulfilled this responsibility satisfactorily.

Shortly after the opening of school this fall, Mr. Eugene Wirkkala, the principal of the building, submitted a resignation and Mrs. Joanna Jackson took his place in the upper room. Mrs. Jackson graduated from Tufts University and has teaching experience in Barre, Massachusetts and Greenwich, Connecticut. Mrs. Mary Pelletier assumed responsibilities as principal of the building. After a settling down period to adjust to the changes which were made in the staff, a program of education straightened out and has been moving forward in a very satisfactory fashion.

Even though Temple was not faced with finding teachers, except after the year started, citizens of the community should be made aware of the fact that the critical shortage of teachers at the elementary level, and the even more critical shortage at the primary level, continues. At the beginning of the school year there were many more classrooms in New Hampshire this year, than last, that did not have qualified teachers. In spite of the fact that Temple is going to be part of a large cooperative, which will help to reduce this problem to some extent, finding teachers to work in small communities in multiple graded classrooms, is still going to be a very serious problem until the critical shortage is relieved. Perhaps the best course of action should be to make every effort to hold good staff members that are already employed, by providing satisfactory competitive salaries and fringe benefits.

### BUILDING AND GROUNDS

The Temple School is physically in rather good condition. The basement areas of the school will never be particularly attractive due to the roughness of the finish, and the dampness that exists in this below-ground

area. Floors upstairs are in far better shape than they have been for quite a period of time due to the conscientious efforts of Mr. Quinn. There is a slight leak in the southeast room and if the Temple Board were to still be responsible for this building in the coming school year, certainly measures would be taken to make sure that this difficulty was overcome.

The constant problem of trying to keep the building clean was resolved to some extent during this year by the purchase of some pieces of carpeting placed at the entrances of the school. In addition, a small vacuum cleaner has also been obtained. The hope is that these dirt-catchers at the entranceways will provide a more healthful and sanitary atmosphere for the children and also will help to improve the morale of the custodian who is constantly fighting the problem of keeping floors clean, in spite of heavy tracking-in of dirt, mud and water. It may be that, as a result of the improvement made with the purchase of this small amount of carpeting, additional carpeting might be obtained later to further improve this serious problem.

### COOPERATIVE PLAN

After many years of fruitless cooperative planning and studying, even voting, everyone knows that Con-Val is a reality and will have full educational responsibility for Temple children as of 1 July 1968. Citizens of Temple should be thankful that there were interested citizens of the community who were willing to devote their time and energy, not only for this study, but to the many studies that have taken place previously, and finally resulting in Con-Val.

No thinking citizen, I am sure, will expect Con-Val is going to solve all the educational problems of the children of Temple, but within the large cooperative structure which is established by this organization, hopefully, education for children of Temple will be markedly improved. Certainly, a big step forward will have been taken by assuring a junior high type education for Temple children.

### WARRANT ARTICLES

The Warrant Articles are designed to assure a school district organization through the end of June to oversee the interests of the district during this period of time. In addition, specific provisions are made for handling any deficit or balance that might occur, transferring school property to Con-Val, as well as satisfactorily closing out the financial accounts of the district.

## CONCLUSION

The teachers of the Temple School are to be complimented for the efforts which they are making in behalf of the children of the community. No one teacher can be singled out since all are very diligently applying themselves to their responsibilities. Certainly, Mrs. Pelletier and Mrs. Jackson, working with three grades in a room, never quite catch up with what has to be done. The efforts of the instructional staff, along with those of Mrs. Barry, noon lunch manager, and Albert Quinn, help to provide a good school program and an atmosphere that is quite satisfactory.

It has been a pleasure for me to have worked with the School Board during this past year and over the past ten years as your Superintendent of Schools. I have always found the Board to be very understanding of serious school problems and also quite sensitive to the responsibilities that they have to the community. A cooperative effort of board, staff and administration, has resulted in a more than satisfactory school program. Interested citizens, parents, and school board members working closely with their school staff and the Con-Val administration can continue to assure sound education for the children of Temple.

Respectfully submitted,

KENNETH A. SARGENT  
Superintendent of Schools
